### Dual Credit Program Enrollment Agreement

**As a dual credit student I understand and agree to the following in order to enroll and receive college credit:**

I must meet the high school's guidelines and be approved to take dual credit courses.

I must complete all paperwork and submit it to UMPI to receive my college credit.

I am enrolled in high school.

I shall be charged \$15/credit hour (\$45 for a 3-credit course, \$60 for a 4-credit course) for each dual credit college course I am enrolled in as designated by the memorandum of understanding between my high school and UMPI.

I understand that I am not officially enrolled until all required registration documents and payment have been submitted to the college. If I do not make payment at that time, I understand that I am subject to being dropped for non-payment. If I am allowed to be reinstated after the census

date, an additional reinstatement fee of \$15/credit hour will be applied.

I understand that dual credit courses are considered college-level courses, and I agree to comply and follow all policies of UMPI and my school. By enrolling I am creating a permanent college record; failure or poor performance in this course could potentially negatively impact future college admissions.

I understand that I must notify UMPI by completing the withdrawal process through my advisor or by contacting the UMPI Registrar's Office if I decide to withdraw from my courses. UMPI must be notified by me or my school if I am no longer in the course. Notification must occur by the last date to withdraw (see UMPI calendar), in order to receive a grade of W. Withdrawals after the last date to withdraw will result in a failing grade.

I understand that my signature gives the high school permission to send to UMPI all required information as well as (if applicable) my final transcript upon graduation.
